## FIND YOUR PERFECT MATCH

**Dogs are our soulmates. But when it comes to finding 'the one', one size definitely does not fit all. We asked a couple of popular breeds to introduce themselves...**

**Jack Russell:**

Some call me high maintenance but that's not true. I just have a lot of love to give. And give. And give.

**Golden Retriever:**

Loves long walks on the beach. Every day's a good hair day for me.

**German Shepherd:**

I'll never let anyone mess with you again. I'll guard your heart with my life.

**Border Collie:**

Looking for a smart companion to stimulate me mentally. Eager to please.

**English Bulldog:**

Can you handle curvaliscious?

**Pomeranian:**

Queen ready to be spoilt for the rest of my life. Love spending time at the parlour. Wanna come with, babes?

**Beagle:**

I can smell you smell nice from here.

**Bull Terrier:**

Sorry, was that? A slipper? Nice!

**French Poodle:**

You want to be seen next to ME in the park?! Better dress up darling.

**Dachshund:**

I might be short, but I got a big mouth. Love getting back massages.

**Yorkie:**

Not gonna lie, definitely not the quiet wallflower in the room... They say dynamite comes in small packages...

**Labrador:**

Wanna go out with me? Wanna go out with me? Please go out with me! Let's go!

**Miniature Schnauzer:**

Grumpy old man looking for someone to trim my beard.

**Whippet:**

People think I take things too fast. But, in reality, all I want to do is cuddle up under a blanket.

**Great Dane:**

Friendly giant with a laidback vibe. Not too big to fit on your couch.

**Rottweiler:**

Tough with a soft heart looking for my forever companion.

**Now that a few of the famous dog breeds introduced themselves, we at JOCK are sure you know exactly which breed will be the perfect match for you. Enjoy finding your perfect furry match.**
